Shickley Wins the All-School and Girls Class D NSAA Cup

On June 20th, the NSAA announced the winners of the 2017-2018 NSAA Cup. This annual awards program recognizes the state's most successful high school athletic and fine arts programs, presenting awards to the 12 Nebraska high schools which earn the most points during the school year by participating in NSAA education-based activity programs. This all-activities (fine arts and sports), all-school recognition platform recognizes the "Best of the Best" each year in NSAA programs.

Shickley Public School was recognized as one of the "Best of the Best" in the All-School and Girls categories, and earned third place in the Boys category. Winners are determined by a point system based on participation in NSAA education-based activities and performance in state championship events within each division and class. Music, which does not have a state-level event, earns points based on participation at the district music contest. The boys and girls competition in each class features schools earning participation and performance points from their respective activities. In the all-school division, schools receive participation points for each of its NSAA registered programs, and earn additional points for placing in NSAA championship events.

Play Production: 4th Place at State Championships

All seventh grade students are also required to submit copies of their physical and updated immunization records before the first day of school.

Sports Physicals

As per the NSAA, each student who expects to participate in athletic contests shall present to the superintendent or principal once each year, before actual participation in any inter-school sport, a physician's certificate on a form recommended by the NSAA that he/she is physically fit for athletic participation. A physical taken in the summer vacation period or anytime during the school year is good only to the end of the school year. Any physical taken May 1 or after will be considered a part of summer vacation. The Pre-Physical Evaluation Consent Form and the NSAA Student and Parent Consent Form will need to be provided to the school before students can participate in pre-season activities. All forms can be found on the NSAA website or available at the doctor's office. Sports physicals can be turned in to the school office.
